

MONART DRAWING CLASSES

Does your child love to draw or want to learn? Join us for guided drawing classes. Drawing classes improve hand-eye coordination, pencil grip, focus and attention span. The Monart method is able to help build and support a healthy, positive sense of self-esteem through its non-competitive, non-judgmental and educational environment. A new lesson is taught each week and new media introduced. Students will learn how to properly use a variety of media including: design markers, oil and chalk pastel, watercolor and much more. Tuition includes all supplies and materials.

Beginner adults, teens or someone that has not drawn in years are all welcome in the basic drawing class. Take the class with your child or grandchild for a fun learning experience!
